

**CommonWell members are working together to define the future of nationwide interoperability and to help health care providers and individuals have access to health information – when they need it, wherever their care occurred and regardless of who provided that care.**

CommonWell Health Alliance<sup>®</sup> is open to all organizations who are aligned with our vision to make health data accessible, helping to improve care coordination and health outcomes. Members today range from health systems to non-profits, government agencies to health IT vendors and much more.

When you become a member of CommonWell, you are demonstrating your commitment to help providers and individuals have access to health information – when they need it, wherever their care occurred and regardless of who provided that care.

**Guide our Growth**

Guide the evolution of our services, specifications, design and policies to further our nationwide scale.

**Drive Innovation**

Propose and create new CommonWell service offerings and use cases to improve data access.

**Shape the Industry**

Engage with leaders across the health care industry who are redefining what it means to be interoperable.

**Be a Game Changer**

Join 80+ diverse organizations embracing our culture of innovation, integrity, inclusiveness and transparency.

“As a CommonWell Service Adopter, MEDITECH can help steer connectivity initiatives in the right direction, giving care organizations access to services that reach far beyond one EHR system, one healthcare organization, and one community. With every successful deployment, our vision for universal, interoperable care becomes clearer.”

**Hoda Sayed-Friel**  
Executive Vice President  
MEDITECH

## Membership Options

There are different degrees of commitment to the Alliance Vision and Mission. An organization can become an Alliance Member, which is best for those organizations that are not yet ready to or do not intend to adopt CommonWell Services. For those organizations that are ready to participate in data exchange, we recommend signing up as a CommonWell Service Adopter, which comes with Contributor Member privileges and a commitment to utilizing and offering our services to your stakeholders and clients.

### CommonWell Service Adopters

CommonWell Service Adopters are members committed to connecting to the network and building CommonWell Services into their software. Members who adopt services also become Contributor Members of the Alliance, allowing them to actively participate in committees where they can both influence and vote on the direction of the Alliance and our service offerings.

### CommonWell General Members

CommonWell membership is open to all organizations that share our vision that health IT must be inherently interoperable. General Members are those organizations that are not yet ready to or do not intend to adopt CommonWell Services. Members are encouraged to participate in Alliance activities and committees, including providing input on committee discussions and proposals.

As CommonWell Health Alliance is a not-for-profit funded by membership fees, annual dues will be based upon an organization's annual U.S. Health Information Technology (HIT) revenue.

Annual U.S. HIT Revenue	Service + Membership Fees* (Service Adopter)	Membership-Only Fees (General Member)
NPOs, Government Agencies & Providers	NA	\$2,500
< \$5M	\$7,500	\$2,500
\$5–10M	\$10,000	\$5,000
\$10–25M	\$15,000	\$5,000
\$25–50M	\$25,000	\$10,000
\$50–100M	\$40,000	\$15,000
\$100–250M	\$75,000	\$25,000
\$250–500M	\$125,000	\$25,000
\$500M–1B	\$185,000	\$35,000
\$1–3B	\$275,000	\$50,000
> \$3B	\$450,000	\$50,000

*Rates current as of Feb. 15, 2022.*

**CommonWell Connectors™:** For Service Adopters that provide interoperability services as intermediaries (CommonWell Connector), the annual U.S. HIT Revenue tier is calculated as the CommonWell Connector's annual U.S. HIT revenue plus the annual U.S. HIT revenue of their connected clients.

**Multiple Purposes of Use:** For Service Adopters who are looking to provide CommonWell services across multiple Permitted Uses (e.g., Treatment, Patient Access, etc.), additional pricing options may apply. Please contact us to discuss details.

**Certification and Onboarding Fee:** All Service Adopters will also be charged a one-time Certification and Onboarding fee of \$50,000 to validate compliance with the Specification and connectivity to the Services.

**\*Carequality Connection:** Fees for "Service + Membership" include Carequality Implementer fees paid by the Alliance to allow CommonWell Service Adopters data exchange access to the Carequality Framework.

*Additional terms and conditions apply.*
